**CLIMATE CHANGE WORK GROUP
OF THE 4TH CHAMBER OF COORDINATION AND REVIEW OF THE BRAZILIAN
FEDERAL PROSECUTION SERVICE¹**

VALUES

Ethics, Justice, Transparency, Participation, Solidarity, Security, Effectiveness

AIMS²

To contribute effectively to climate change policies

To serve as a reference in climate change

To have sufficient relevance to be considered fundamental by both specialists and non-specialists

To include considerations of climate risks in the planning of public policies

PRIORITIES³

Adaptation of the coastal zone to address climate change

Update environmental planning and licensing processes to the climate regulation

Adaptation of the services which combat wildfires in view of the increase in climate risks

PROGRAMMES⁴

¹ This document is subject to alteration without warning

² According to the minutes of the meeting on the 1st of March 2021 between the coordinators of the working groups and the members of the 4th Chamber of Coordination and Review of the Federal Prosecution Service

³ See previous footnote

⁴ The initiatives of the Climate Change Working Group are based on the acts and regulations that set out its procedures and do not include the right to commence legal action without prior permission from the competent executive bodies of the Federal Prosecution Service
